Agenda

A bunch of nice things!

ActionPreference Break

Invoke-RestMethod

JSON stuff

ForEach-Object Parallel

xPlat DSC Compilation without OMI / DSC

PowerShell releases end of life

Based on the Lifecycle of PowerShell, the following table lists the dates when various releases will no longer be supported.

Version	End-of-life
7.0	December 3, 2022
6.2	September 4, 2020
6.1	September 28, 2019
6.0	February 13, 2019

https://docs.microsoft.com/en-us/powershell/scripting/powershell-support-lifecycle?view=powershell-7#powershell-releases-end-of-life

Demo time!
